WORK EXPERIENCE

DK Engineering Ltd.

Oct.2024 – Oct.2024

Engineering Intern

Onsite, Ha Noi, Vietnam

- DK Engineering Ltd is a Hanoi-based MEP design and engineering consultancy founded in 2004, delivering international-quality services in BIM, project management, and outsourced engineering for global clients such as: Etervis, DLS Consultant, Intertec, 3NAROTS.
- Analysed end-to-end renewable energy deployment strategies, ranging from technical installation specifications to customer requirement gathering for solar and wind projects.
- Examined complex industrial infrastructure, specifically heavy-duty cooling systems and precision electrical wiring schematics for offshore oil rigs.
- Researched AI-driven IoT solutions for oil purification factories, focusing on real-time sensor data transmission and remote system monitoring.
 - **Stack:** Industrial IoT (IIoT), Renewable Energy Systems (Solar/Wind), Sensor Telemetry, Electrical Schematics, AI-Driven Monitoring

Sequoia Sky Ltd. Co.

March.2024 – June. 2024

Grant Seeker

Remote, Ho Chi Minh City, Vietnam

- Led Phase 1 financial research for Cocogreen, a non-profit initiative designed to help Vietnamese agricultural enterprises adopt ESG standards and unlock green financing.
 - **Key results:** Engineered a qualitative research framework to analyze global funding mechanisms, successfully identifying 7 high-potential grant channels.
 - Synthesized complex donor criteria into a strategic funding roadmap targeting \$300k, delivering short and long-term capital analysis to the executive team.
 - Managed the end-to-end research lifecycle independently, collaborating with senior stakeholders to refine funding strategies for national agricultural projects.

Student Government (EMASI Van Phuc)

Aug. 2022 – June. 2025

Advisor/ President/ Vice President

Onsite, Ho Chi Minh City, Vietnam

- Managed a \$6,000 operational budget to execute high-stakes student events, including the annual Prom, handling vendor negotiations and financial allocation.
- Led a cross-functional team of 30+ members across three departments, delegating tasks to execute a consistent bi-monthly event calendar.
- Orchestrated school-wide initiatives that increased student engagement, acting as the primary liaison between the student body and school administration.

TECHNICAL PROJECTS

AI-Integrated Morning Assistant

Jan.2026

System Architecture and Automation

- Architected a containerized workflow using Docker, integrating the Google Gemini API to process unstructured housing market data.
- Orchestrated the development of a Python-based automation agent by leveraging LLMs for rapid code generation and system integration.
- Deployed a robust data pipeline that filters and analyzes candidates, reducing manual research time by 90% intelligent automation.
 - **Stack:** Python; Docker; Google Gemini API; Bash; Discord Webhooks

Gemini x Makers Odyssey Hackathon

Dec.2025

Product Design and Prototyping

- Engineered the 3D mechanical enclosure for a hardware prototype in a high-intensity 48-hour sprint, ensuring component fit and structural integrity.
- Collaborated within a cross-functional team of 6, bridged the gap between software logic and physical hardware requirements.
- Delivered a functional proof-of-concept presented to university professors and Google Developer Group organizers.
 - **Stack:** Autodesk Fusion 360; 3D Printing; Arduino; Canva; Rapid Prototyping

EDUCATION

Constructor University (formerly Jacob University)	Expected graduation in June 2028
<i>Bachelor of Science in Industrial Engineering and Management with a minor in Economics</i>	<i>Bremen, Germany</i>

- GPA: 1.67 (German Scale, approx. 3.3/4.0 US)
- Relevant Coursework: Industrial Management, Logistics, Applied Calculus, Economics

EMASI Van Phuc	Graduated in June 2025
<i>High School Diploma</i>	<i>Ho Chi Minh City, Vietnam</i>

- GPA: 9.5/10 (Valedictorian/Top of Class equivalent)
- Awards: Physics Olympics Bronze Medalist, Excellent Student in English (Bronze)

SKILLS & INTERESTS

- **Skills:** Autodesk Fusion 360, 3D Printing, Docker, Python Automation, Google Gemini API Qualitative Research, ESG Frameworks, Budget Management, Cross-functional Leadership
- **Languages:** English (IELTS 7.5), Vietnamese (Native), German (A1)
- **Interests:** Kickboxing; Cooking; Basketball; Football; Puzzle-solving; Chess; Piano; Nature-walk; Deep-space watching; Formula 1; Making automations; 3D design
